

**AMENDMENTS TO THE CLAIMS:**

This listing of claims will replace all prior versions, and listings, of claims in the application:

**LISTING OF CLAIMS:**

1. (Currently Amended) A disposable absorbent article to be worn by a user comprising an absorbent body and a cover enclosing the same, which on a first side, facing the user in an in-use position, displays a fluid-pervious surface layer and on a second side, facing away from the user in an in-use position, displays a fluid-impervious surface layer, wherein the fluid-pervious surface layer comprises an impregnation comprising, wherein the impregnation consists of at [least] most two [one] hydrophilic organic solvent components, and, optionally water and/or an acid, wherein one hydrophilic organic solvent component is glycerol and said impregnation has ~~having~~ a low vapour pressure at room temperature.

2. (Currently Amended) The absorbent article according to claim 1, wherein ~~the organic solvent~~ said impregnation has a vapour pressure less or equal to 1 mm Hg at 40°C.

3. (Currently Amended) The absorbent article according to claim 1 [or 2], wherein ~~the organic solvent~~ said impregnation has a high oxygen content.

Claim 4-9 (Cancelled).

10. (New) The absorbent article according to claim 1, wherein said impregnation consists of one hydrophilic organic solvent component being glycerol, and, optionally an acid.

11. (New) The absorbent article according to claim 1, wherein the acid is lactic acid.

12. (New) The absorbent article according to claim 10, wherein the acid is lactic acid.

13. (New) The absorbent article according to claim 3, wherein the oxygen content is 30%.
